Tips for searching the Registration ID

- When entering part of the non-profit organization's name or the part of the Registration ID number, it will increase number of search results.
- Do not leave a space at the beginning of any entry in the fields. Your search may not produce any results.
- Search results are listed up to 10 registration IDs for an each page.
- Using the page numbers at the bottom of the page, navigate to a different page.
- May scroll down to see the entire page depends on browser setup.
- Download Records button located at the top of the screen on the right side is able to export your search criteria results.
- In Advanced Search, Name, Activity, City, County, State and Zip code can be searched alone or together in any combination.
